

Application No.: 10/021,294

Docket No.: CTCH-P01-014

REMARKS

Applicants have amended claims 12 and 35 to correct an unintentional typographical error. In particular, the definition of variable "z" in the structural formula of the complexing agent therein was unintentionally omitted from the claim. The value of this "z" is "from 1 to 5," and support for this can be found in the specification as originally filed on page 43, line 19. In order to avoid confusion with the other variable "z" defined under PEG in these claims, the "z" in the structural formulas has been changed to "m." As such, "m ranges from 1 to 5." Applicants assert this amendment presents no new matter.

CONCLUSION

Although Applicant believes no fees are due, the Commissioner is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 18-1945, under Order No. CTCH-P01-014. Please direct any questions arising from this submission to the undersigned at (617) 951-7615.
